

## **NMCA 2009 Awards Nominations**

Due to the overwhelming success of the past few years open nomination process, NMCA will be accepting open nominations from its membership for those individuals that displayed exemplary performance, sportsmanship, and dedication to the NMCA drag racing world during the 2009 season. These people, along with the Top Ten racers in each class, will be recognized at the NMCA Award Ceremony at the Performance Racing Industry Show in Orlando, Florida on December 11th. Only current NMCA members may nominate an individual for each of the awards presented below. We also encourage you to define your reason for the nomination.

Please limit the nominations to one individual per award, and make sure to include your full name as proof of membership. Deadline for nominations is noon on October 18th.

The nominations will be collated and the ballots will be posted online on October 26th, with the names of the top three nominees in each category open for popular vote. At that point, NMCA members may vote for their choice in each award category. Deadline for the final voting will be October 31st and additional information for voting will be posted along with the ballots.

### **NMCA Specialty Awards**

#### **Rookie of the Year**

For any racer that displayed exemplary performance in their first full season of racing in a class.

*Note: This is the most difficult category to nominate because of individual interpretations of the word rookie. Should a driver who has bracket raced for 20-years be considered a rookie if this is his first season racing with NMCA? If a driver has been successful in one class and elects to run another class for a full season be considered a rookie as well? Or, should a person who has never raced more than a few test and tunes be the only type of racer considered? Those questions need to be considered in your nominations, but will be answered once the popular vote has been counted.*
