

True Street...The Ultimate Street Car Class for the Beginner or Seasoned Racer

Whether it's your first time racing or you have lots of ¼ mile experience...NMCA has a great class for you to consider...Gear Vendors True Street! **True Street is designed for "true" street cars that are licensed, insured and capable of driving a good distance on the street.** After a 30-mile NMCA escorted cruise, make 3 back-to-back passes and see if you will take home some cash and a prize!

Here's How True Street Works:

1. **Purchase your True Street entry** at the racer gate, you then head over to the True Street pit area. **It's a Saturday race** but you can purchase your entry on Friday as well.
2. You will **first register** at the registration trailer and **then proceed to the True Street area** where an official will **"tech" your car** to make sure it's safe to race.
3. You will receive a **time run** prior to the True Street competition so you can see how your car is performing.
4. Attend the **True Street meeting** where an NMCA official will explain how everything works. There is lots of time for questions and answers.
5. Following the meeting you will head out on a **30-mile escorted cruise** around town or the facility....and it's OK to take passengers to enjoy the fun!
6. After the cruise there will be a brief **cool-down period** and then you hit the track.
7. True Street will be called to the lanes and you will make **3 back-to-back passes** down the track. Reaction time does not matter so just take off after you get the green light.
8. There will be a **True Street Awards Ceremony** a couple of hours following the race. NMCA will average everyone's 3 passes and the closest averages to 9, 10, 11, 12, 13, 14, & 15 seconds will each win \$100 cash, an award, and your picture in Fastest Street Car Magazine! The overall runner-up will also receive \$100 and an award and the overall winner will receive \$250 and a 6' trophy!

BONUS – all True Street competitors will receive a FREE entry into Sunday's NMCA Bracket Race...this is up to a \$100 value!

For True Street questions please contact Gene Bergstrom at (714) 460-3813 or e-mail him at gbergstrom@promediapub.com. For True Street rules or NMCA event information log on to www.nmcadigital.com.
